Microsoft 365
for Non Profits

Microsoft Cloud Solution Provider

Microsoft 365 will allow your organisation to do more and have a broader impact through reduced costs, access to enterprise software and features, and better team collaboration. At Outbound™ we work with qualified organisations to take advantage of this great opportunity from Microsoft.

Through a free Microsoft 365 Assessment we review your existing communications and collaboration platforms, your organisational needs, and provide you with a detailed look at the features of Microsoft 365 to help you determine if a migration is right for your organisation. Even if you have Microsoft 365 we will assess its configuration, security and management against Microsoft best practice configuration.
